The IAC meeting was convened on 31st Aug 2010, Tuesday to discuss the recent Campus events due to the agitation by Karamchari Sangathan (KS) and to update the proposals made by the institute administration. A draft copy was circulated describing the present status of the agitation and the same document also summarized additional benefits agreed by the Institute to the daily wage (DW) workers. The proposal for the group of 61 DW workers prepared by the Hall wardens with the input from the students was also circulated along with the agreement reached in January 2010 after the agitation of employees under Council of Wardens (CoW).

It was mentioned in the meeting that most of the points from January 2010 agreement were already implemented. The positive response of Student Body in this regard was greatly acknowledged. There was also a suggestion that the Institute must get written assurance from KS that no such agitation to demand further regularization of DW employees will take place in the future. Norms of future agitation were also discussed. It was unanimously agreed that academic activities should never be affected during such agitations. A proposal to come up with a document about future agitation was suggested that should be agreed by the students, faculty and the KS.
