

Abhishek Chaudhary

310 Faculty building, IIT Kanpur, India 208016

Email: abhishekc@iitk.ac.in

Education

- Ph.D., Environmental Engineering, Swiss Federal Institute of Technology (ETH), Zurich, Switzerland (2012-15)
- Master of Science, Environmental Engineering, University of Cincinnati, Ohio, U.S.A (2007-10)
- Bachelor of Technology, Civil Engineering, Indian Institute of Technology (IIT), Roorkee, India (2003- 07)

Professional experience

Assistant Professor, Dept. of Civil Engineering, Indian Institute of Technology (IIT) Kanpur, India (2018-present)

- Evaluating the impact of human activities on different environmental domains through life cycle assessment
- Generating quantitative information to guide sustainable development and human behaviors

Postdoctoral Researcher, Institute of Food, Nutrition and Health, ETH Zurich, Switzerland (2016- 2018)

- Developed nutritional combined environmental impact framework to evaluate the sustainability of global food systems
- Developed methodologies to assess the product biodiversity footprints through different indicators

Doctoral Candidate, Institute of Environmental Engineering, ETH Zurich, Switzerland (2012- 2015)

- Developed a new globally applicable methodology to assess the agricultural, pasture and forest land use impacts on biodiversity by combining ecological models with vulnerability indicators from WWF and IUCN databases
- Compiled air emission inventory for indoor wood products, modeled the fate and inhalation exposure to volatile organic compounds and assessed their life cycle impacts on human health

Environmental Engineer, United States Environmental Protection Agency (U.S. EPA), Cincinnati, U.S.A (2009- 2012)

- Contributed to development of a novel risk-management approach for estimating required pollutant load reduction in impaired waters applying Bayesian Monte Carlo and maximum likelihood techniques
- Worked on compiling a global database and conducting meta-analysis on the efficiency of vegetative filter/buffer strips for sediment and nutrient removal

Graduate Assistant, University of Cincinnati, Cincinnati, U.S.A (2007- 2009)

- Analyzed the long-term trends in meteorological parameters like wind speed, mixing depth, temperature extremes, growing season; cause of these changes and their impacts on formation and transport of air pollutants
- Developed mathematical models, computer programs and statistical tools for the estimation of parameter trends

Peer-reviewed international journal publications

2025

66. Rabeschini, G., [...], **Chaudhary, A.**, et al. (in review). Quantifying dependencies of internationally traded coffee and soy trades on Nature's contributions to people. **People and Nature**.

65. Berger, I., [...], **Chaudhary, A.** (in review). How to achieve dual goals of sustainable agriculture and biodiversity conservation in the semi-arid tropics: a case study for Andhra Pradesh, India. **Land Use Policy**.

Books and monographs

1. FAO (2021). *Integration of environment and nutrition in the life cycle assessment of food items: opportunities and challenges*. Rome, Italy. ISBN: 978-92-5-135532-9. Available [here](#).
2. FAO (2020). *Biodiversity and the livestock sector- Guidelines for quantitative assessment – Ver 1*. Rome, Italy. ISBN: 978-92-5-132745-6. Available [here](#).

Independently acquired research grants and managed projects

7. Initiation grant, IIT Kanpur (2020-24)
6. National research project grant, Swiss National Science Foundation, Switzerland (2017-20)
5. Research grant, The Netherlands Environmental Protection Agency (PBL), The Netherlands (2017)
4. Research grant, Pulse Canada (2017)
3. Research grant, The Nature Conservancy, USA (2016)
2. Research grant, United States Environmental Protection Agency, USA (2010-12)
1. Student contractor research grant, United States Environmental Protection Agency, USA (2009-10)

Fellowships and Scholarships

20. Conference grant, ACS Spring 2023, USA (2023)
19. Conference grant, World One Health Congress, Singapore (2022)

18. Conference grant, Uppsala Health Summit, Sweden (2022)
17. Conference grant, World Biodiversity Forum, Switzerland (2022)
16. Conference grant, Deutsches Zentrum für integrative Biodiversitätsforschung, Germany (2022)
15. Visiting professorship, University of Zurich, Switzerland (2022)
14. Conference grant, Purdue University, USA (2022)
13. Conference grant, International Conference of Agricultural Economists (2021)
12. Travel grant, International congress for conservation biology, Malaysia (2019)
11. Travel grant, International Workshop on Bending the Biodiversity Curve, The Netherlands (2019)
10. Travel grant, Open Science Meeting of the Global Land Programme, Switzerland (2019)
9. Travel grant, International Meeting on Science-based Targets for Species, U.K (2019)
8. Travel grant, Workshop on Innovating global fruit and vegetable food systems, Keystone, CO, USA (2018)
7. Travel grant, Workshop on quantitative indicators of food systems resilience, Beijing, China (2018)
6. Postdoctoral fellowship, ETH Zurich, Switzerland (2016)
5. PhD scholarship, ETH Zurich, Switzerland (2012-2015)
4. Erasmus Mundus Doctoral Scholarship (2012) (declined)
3. Graduate scholarship, University of Cincinnati, USA (2007-09)
2. Erasmus Mundus Masters Scholarship (2007) (declined)
1. Masters scholarship, Singapore NTU-Stanford Environmental Engineering Partnership (2007-09) (declined)

Student thesis supervised

15. Akhtar, A. (2023). *Monetary evaluation of environmental impacts of projects in India*. MTech thesis, IIT Kanpur.
14. Chen, C. (2021). *Nutritional combined environmental impact assessment of global food systems*. **PhD thesis**, ETH Zurich.
13. Tangri, S. (2021). *Environmental sustainability in defense sector of India*. MTech thesis, IIT Kanpur
12. Patidar, P. (2021). *Land use change and ecosystem service loss in India*. MTech thesis, IIT Kanpur
11. Singh, A. (2021). *Sustainability Assessment of Dairy, Meat and Fisheries Sector in India*. MTech thesis, IIT Kanpur
10. Navin, N. (2020). *LCA of a building at IITK campus*. MTech thesis, IIT Kanpur (co-supervision)
9. Sachan, N. (2020). *Assessment of biodiversity threats in India*. MTech thesis, IIT Kanpur
8. Yadav, S.S. (2019). *Environmental impact of construction materials in India*. BTech summer project, IIT Kanpur
7. Chen, C. (2018). *Swiss Food Sustainability Analysis*. MSc thesis, ETH Zurich
6. Pezzati, L. (2015). *Using GLMs to Assess Biodiversity Recovery in Global Wetlands*. MSc thesis, ETH Zurich
5. Cateau, B. (2015). *Quantifying human toxicity impacts of common indoor products*. BSc thesis, ETH Zurich
4. Messmer, A. (2015). *Life cycle assessment of adhesives used in wood constructions*. MSc thesis, ETH Zurich
3. Luck, M. (2015). *Quantifying the impact of Swiss food imports on biodiversity*. BSc thesis, ETH Zurich
2. Hirschberg, J. (2014). *Characterizing regionalized land use and land use change flows for forestry products and quantifying their impact on biodiversity*. BSc thesis, ETH Zurich
1. Deshpande, P. (2013). *Assessment of Pollutant Emissions and Occupational Exposure in the Informal E-Waste Recycling and Disposal Facilities*. MSc project thesis, ETH Zurich

Teaching

1. Instructor, [Environmental Quality and Processes Practical](#) (4 credits PG course), IIT Kanpur, Fall 2024 (166 students)
2. Instructor, [Practical Ethics](#) (3 credits UG course), IIT Kanpur, Fall 2024 (25 students)
3. Instructor, [Humans, Environment and Sustainable Development](#) (9 credits PG course), IIT Kanpur, Spring 2021 (90 students)

4. Instructor, [Sustainable Built Environment](#) (9 credits UG course) at IIT Kanpur, Fall 2020, 2021 (157 students)
5. Instructor, [Industrial Waste Management](#) (5 credits PG course) at IIT Kanpur, Spring 2020 (26 students)
6. Instructor, [Introduction to Environmental Science](#) (9 credits UG course) at IIT Kanpur, Fall 2019 (146 students)
7. Instructor, [Principles of Environmental Management](#) (5 credits PG course) at IIT Kanpur, Spring 2019 (65 students)
8. Instructor, [Sustainable Food Processing](#) (3 credits PG course) at ETH Zurich, Spring 2018 (35 students)
9. Instructor, [Environment and Computer Lab](#) (3 credits PG course) at ETH Zurich, Fall 2015 (30 students)

Technical reports

1. Leibniz Research Network Biodiversity. (2024). *10 Must Knows from Biodiversity Science 2024*. Potsdam Institute for Climate Impact Research. Available [here](#).
2. Owen, N., Chaudhary, A., et al. (2021). *Conservation of evolutionary heritage supports the transformative change required for the CBD post2020 Framework: proposed phylogenetic diversity indicators as a contribution from non-state actors*. Submission from the IUCN SSC Phylogenetic Diversity Task Force. 2020, Available [here](#).
3. Chaudhary A. et al. (2020). *Environmental, nutritional, and cost impacts of beef-lentil blended burgers*. Available [here](#).
4. Chaudhary, A. et al. (2018). *Sustainable and Equitable Increases in Fruit and Vegetable Productivity and Consumption are Needed to Achieve Global Nutrition Security*. Position paper from workshop organized by Aspen Global Change Institute at Keystone, Colorado, USA. Available [here](#).
5. Abell, R., et al. (2017). *Beyond the Source: The Environmental, Economic and Community Benefits of Source Water Protection*. The Nature Conservancy, Arlington, VA, USA. Available [here](#).
6. Chaudhary, A., et al. (2016). *Potential species loss from land use. LC-Impact methodology for LCA*. Available [here](#).
7. Chaudhary, A. (2015). *Towards Improved Assessment of Environmental Impacts Embodied in Agricultural and Forestry Products*. PhD. Dissertation, ETH Zurich, Switzerland. Available [here](#).
8. Abhishek (2010). *The Impact of Climate Change on Air Quality for Midwest USA*. MS thesis, University of Cincinnati, USA. Available [here](#).

Awards & Certificates

1. Appeared in the Elsevier and Stanford University's [list](#) of "World's Top 2%" scientists for the third consecutive year (2024)
2. Received an Honorable Mention at the **2023 James J. Morgan Early Career Award** by the American Chemical Society. See full announcement [here](#).
3. Among the six global scientists recognized as '**2022 Rising Stars in Environmental Research**' by the American Chemical Society's open-access journal ACS Environmental Au. See full announcement [here](#).
4. Received letter of appreciation from the Director, IIT Kanpur for **outstanding performance in teaching** the course CE213A (Introduction to Environmental Science) based on getting > 3.5 out of 4 in student course evaluation survey (2020)
5. Received letter of appreciation from the Director, IIT Kanpur for **outstanding performance in teaching** the course CE667A (Principles of Environmental Management) based on > 3.5 out of 4 in student course evaluation survey (2019)
6. Engineer in Training (**E.I.T**) **certificate**, State of Ohio, USA (2011)
7. Certificate of achievement, **German as a foreign language**, level A2.1 (2014)

Media

1. Excerpts of interview published in **The Economist** magazine [article](#) on Indian foods and diets (2024)
2. Excerpts of interview published in an article in the Everyday Health News platform. The article is titled 'What Is a Climatarian Diet? A Complete Guide to Adopting a Sustainable Eating Approach.' Read full article [here](#) (2022)
3. Invited lecture on the impact of climate change and environment on zoonotic disease emergence at the 12th National conference on One Health Initiative (2022)
4. Excerpts of interview published in the **Outlook Business magazine** [article](#) titled 'One Health' cure for multiple ills' (2022)
5. Excerpts of interview in **Nature** news [article](#) 'What humanity should eat to stay healthy and save the planet' (2021).
6. Interview on live telethon hosted by national news channel **NDTV** on October 3, 2021. The topic was Swasth Bharat, Sampann Bharat (Healthy India, Prosperous India) with Amitabh Bachchan (2021)

7. Op-ed [article](#) on the urgent need for changes in the Indian dietary habits in order to achieve SDGs by 2030 published in the national newspaper **The Indian Express** (2021)
8. Excerpts of interview on impact of Brazilian soybean exports on biodiversity appeared in **Mongabay** [article](#) (2019)
9. Excerpts of interview on healthy diets that can save the planet published in **The Times of India** newspaper [article](#) (2019)
10. Research on impact of livestock sector on climate change appeared in **The Guardian** [newspaper](#) and **CNN** [news](#) (2019)
11. Presentation at Swiss National Science Foundation meeting (2018).

International Committees and Memberships

1. Member, One Health High Level Expert Panel (**OHHLEP**) led by the Tripartite (WHO, OIE and UN FAO) plus UNEP. The mandate of the panel is to provide policy relevant scientific assessment on the emergence of health crisis or pandemics arising from the human-animal-ecosystem interface and guide these organizations on One Health related matters. One of the 26 global scientists and the only one from India on this panel. (2021-2024)
2. Member, Early Career Editorial Board for the American Chemical Society's (ACS) journal *Environmental Science & Technology* (ES&T). One of the 19 global scientists and the only one from India on this board. Profile [here](#). (2021-present)
3. Member, Sigma Xi, The Scientific Research Honor Society (2024-present)
4. Member, International Union for Conservation of Nature (IUCN's) Species Threat Abatement and Restoration (**STAR**) Metric Interim Committee. (2021-present).
5. Member, International research [group](#) led by the United Nations' Food and Agriculture Organization (FAO) that provided the best-practice guidance on how to conduct nutritional combined environmental life cycle assessment (LCA) of food products. One of the 30 global scientists and the only one from India on this panel. (2021)
6. Member, Advisory board for the United Kingdom's Trade, Development, and the Environment [Hub](#) (2021-present)
7. Member, Advisory board for the French Agri-TE [project](#) on evidence-based synthesis of the impacts of agro-ecological transition at the global scale (2021-present)
8. Member, Food Sustainability Advisory Team (Food-SAT) for the New Zealand's **INFORMAS** project that will help guide the development of indicators to monitor sustainability of national food environments worldwide. (2021-present)
9. Member, International Union for Conservation of Nature (IUCN)-Species survival commission (SSC), Phylogenetic diversity task [force](#) (2019-present)
10. Judge for evaluating the student presentations at the 1st Satellite Meeting of American Chemical Society (ACS) Fall 2021.
11. Member, EAT-Lancet [commission](#) on healthy diets from sustainable food systems (2018-19)
12. Member, Society for Conservation of Biology (2017-2020)
13. Selected as a member of technical advisory group (TAG) on biodiversity and ecosystem services, Livestock Environmental Assessment and Performance partnership (LEAP), Food and Agriculture Organization of the United Nations, 2017-18
14. Member, UNEP-SETAC working group for assessing land use impacts on biodiversity in LCA, 2014-16.
15. Member, Society of Environmental Toxicology and Chemistry (SETAC) (2013-2015)
16. Member, Air and waste management association (AWMA), USA, Cincinnati chapter, 2008-2010.

Journal editorial board positions

1. Member, Early Career Editorial Board for the American Chemical Society's (ACS) journal *Environmental Science & Technology* (ES&T). One of the 19 global scientists. Profile [here](#). (2021-present)
2. Review Editor on the Editorial Board for the journal [Frontiers in Nutrition](#) (2022-present)
3. Review Editor on the Editorial Board for the journal [Frontiers in Sustainable Food Systems](#) (2022-present)
4. Member, Editorial Advisory Board (EAB) for the American Chemical Society's journal *ACS Environmental Au.* (2024-present)
5. Member, Editorial Board for the Elsevier journal [iScience](#) (declined)

National and institute level activities

1. Convener, Departmental Admission Committee, IIT Kanpur (2024-25)

2. Member, Department Post Graduate Committee, IIT Kanpur (2020-21)
3. Member, faculty search committee, IIT Kanpur (2019-2021)
4. Member, committee to review the performance of Infrastructure, Engineering and Management program of the department of civil engineering at IIT Kanpur (April 2020)
5. Member, committee to collect faculty data for review of the performance of civil department, IITK (February 2020)
6. Member, national audit committee to review the performance of Uttarakhand Environmental Protection Agency (June 2019)
7. Member, committee to select student counselling supervisors at IIT Kanpur (February 2019)

Reviewer activities

1. Funding proposal reviewer for Slovak Research and Development Agency (SRDA) (2024)
2. Funding proposal reviewer for Dutch Research Council (NWO) Talent Programme Veni (2023)
3. Funding proposal reviewer for European Commission's Horizon projects (2021)
4. Funding proposal reviewer for United States National Science Foundation (2020)
5. Funding proposal reviewer for Netherlands Organization for Scientific Research (2019)
6. Funding proposal reviewer for Biodiversa (2018)
7. Frequent peer-reviewer for articles in the following international journals – Nature; Nature Communications; Nature Ecology and Evolution; Nature Food; Nature Sustainability; Proceedings of the National Academy of Sciences (PNAS); The Lancet Planetary Health; Global Change Biology; Global Environmental Change; PLoS Biology; Environmental Science & Technology; Global Food Security; One Earth; International Journal of Life Cycle Assessment; Earth's Future; Journal of Cleaner Production; Science of the Total Environment; Resources, Conservation & Recycling; Sustainability; Ecological Economics; Food Research International; Public Health Nutrition; Environment, Sustainability and Development.
