

Request for Quotation

REF: AE/AK/2013/10

Sub: Quotation for supply of: **Various probes for air flow measurements**

With reference to the subject mentioned above, you are invited to submit the quotation in a sealed cover in order to reach us before 15/1/2014 in the form of a hard copy to the address mentioned below.

The requirement consists of various types of probes of specified dimensions and quantities, for typical aerodynamic measurements in a laboratory.

The following are the probes needed:

1. Boundary layer probe of sensing stem diameter 0.63 mm or less (**ONE no.**)
2. Boundary layer probe of sensing stem diameter 1.07 mm or less (**ONE no.**)
3. L-type Pitot-static probe of sensing stem diameter 1.58 mm or less, and length 30 cm (**ONE no.**)
4. L-type Pitot-static probe of sensing stem diameter 2.38 mm or less, and length 30 cm (**TWO no.**)
5. L-type Pitot-static probe of sensing stem diameter 3.17 mm or less, and length 30 cm (**FIVE no.**)
6. L-type five-hole conical probe for supersonic measurements of sensing stem diameter 3.18 mm or less and length about 30 cm (**ONE no.**)

Best regards,
Sincerely,

A. Kushari
