

**Indian Institute of Technology, Kanpur**  
**Department of Aerospace Engineering**

Inquiry no: AE/KP/2013/04

September 23, 2013

**Date of Closing: October 04, 2013**

**Subject: Quotation for design of wind tunnel models and their subsystems including Rustom-II UAV**

With reference to above mentioned subject you are invited to submit the quotation to reach us before the closing date in a sealed cover to the address mentioned below. To get the detailed test requirements and design parameters and for any other queries please send a request to **Dr. Kamal Poddar** at **kamal@iitk.ac.in**

The prospective designers are requested to send the quotation as per the terms and condition mentioned below.

**Terms and Conditions**

1. Model designs have to meet the test requirements detailed by the Project team from IITK.
2. Designs will be considered final only when the project team approves the version of designs as suitable.
3. Designers' work will not be considered final until the models are fabricated and put on test bed after all required iterations in the designs.
4. Designs have to be submitted in standard formats required by the fabricator along with their original format.
5. Individual design reports have to be submitted after the designs are approved as final and complete.
6. Validity of the quotation should be atleast 90 days.
7. Delivery of the first version of design should be done within 30 days from release of design requirements.
8. 50% payment will be released after submission of final set of fabrication drawing and the remaining 50% will be released once the model is in the test bed.
